How to read. Rank is the legislator's 2022 rating rank among all 90 legislators (1 = most conservative); Ch. rank is the rank within the chamber. Bands are the session-wide 2022 bands used on every 2022 rating report. Average rank is the mean overall rank of the legislators listed; county rank orders the 23 counties by that average (1 = most conservative). A legislator whose district covers more than one county is listed under each county; "Also covers" names the other counties.
